

OE-7 (X10)

*Long Range
Night Vision Goggles*

KEY FEATURES:

- / STANDARD US MILITARY SYSTEM**
- / GEN II+ OR GEN III**
- / INTERNAL LOW BATTERY AND IR INDICATORS**
- / WATERPROOF AND RUGGED**
- / COMBAT PROVEN**

The versatile, combat-proven OE-7 (X10), Night Vision Binocular can be used as a hand-held, long-range observation device.

The Night Vision Binocular utilizes a single, image intensifier tube and provides clear images during the darkest of conditions with a detection range of more than 2000m.

The OE-7 (X10), Binocular features simple user controls, fully image tube protection such as Automatic Gain Control (AGC) as well as Bright Source Protection (BSP), a built-in infrared illuminator with a momentary and continuous on switch plus IR operation and low battery indicators displayed within the user's field of view.

OE-7 (X10)
